

## IADC actions on 2013/30/EU

- IADC has done an initial review on common reporting format of the EU Directive on Offshore Safety (Annex IX)
- Initial comments sent on 30 September 2013
- An update was received from EUOAG (after 10 Oct. Mtg) that clarified some additional aspects and included useful guidance notes
- IADC has created a specific EU HSE committee on 4<sup>th</sup> November, contractor members with EU interest are participating.
- This IADC committee will be reviewing 2013/30/EU and Annex IX, but will also include onshore aspects
- Main plan is to develop map of existing regulations and processes in key member countries and identify overlap or areas of conflicting procedures
